PROFESSIONAL SUMMARY

MERN Stack Developer skilled in building scalable and responsive full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Experienced in RESTful API development, JWT authentication & authorization, third-party API integration, responsive UI design, and deployment using Vercel and Render.

PROJECTS

HireNest – HR & Student Job Portal

MongoDB • Express.js • React.js • Node.js • JWT • Socket.IO • Cloudinary
Live Demo | GitHub

- Developed a scalable MERN stack job portal for students, HR teams, and administrators.
- Implemented responsive user interfaces and RESTful APIs using React.js, Node.js, and Express.js.
- Integrated JWT-based authentication and role-based authorization for secure user management.
- Developed resume uploads, real-time messaging, notifications, and admin moderation features.
- Integrated Cloudinary and Socket.IO for secure file storage and real-time communication.
- Deployed frontend on Vercel and backend on Render.

Personal Portfolio Website

Node.js • Express.js • EJS • HTML5 • CSS3 • Bootstrap
Live Website

- Developed a server-rendered portfolio application using MVC architecture.
- Created reusable EJS templates with responsive mobile-first UI design.
- Implemented routing, middleware, and structured backend logic.
- Managed source code using Git and GitHub.

EDUCATION

Bachelor of Science – Information Technology

Shivaji University, Kolhapur
CGPA: 9.03 | Jun 2022 – Apr 2025
