PROFESSIONAL SUMMARY

Frontend / MERN Stack Developer with strong expertise in **React.js, JavaScript (ES6+), Node.js, Express.js, and MongoDB**. Experienced in building **responsive, high-performance Single Page Applications (SPAs)** using **component-based architecture** and reusable UI components. Skilled in **RESTful API integration, JWT-based authentication, state management, and client-server communication using Axios and Fetch API**. Passionate about writing clean, scalable, and maintainable code while collaborating in team-based development environments.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, SPA Development, Responsive Web Design, Mobile-First Design, Cross-Browser Compatibility

State Management & Architecture: React Hooks, Context API, Component-Based Architecture, State Management, Performance Optimization

Backend: Node.js, Express.js, RESTful API Development, MVC Architecture, JWT Authentication

Database: MongoDB, CRUD Operations, Database Schema Design

Tools: Axios, Fetch API, Git, GitHub, Bootstrap, Tailwind CSS

PROJECTS

HR & Student Job Portal – MERN Stack Application

Role: Full Stack MERN Developer

- Developed a scalable **Single Page Application (SPA)** using **React.js** with reusable and scalable UI components
- Implemented efficient **state management** using React Hooks and optimized rendering
- Designed and developed **RESTful APIs** using **Node.js and Express.js** following **MVC architecture**
- Integrated **MongoDB database** with CRUD operations and schema design
- Implemented secure **JWT-based authentication** and role-based authorization
- Managed **client-server communication** using Axios for secure API integration
- Ensured **cross-browser compatibility** and **mobile-first responsive design**
- Optimized application performance and maintained clean, maintainable code using **Git version control**

Technologies: MongoDB, Express.js, React.js, Node.js, JWT, REST APIs, Axios, Bootstrap

Personal Portfolio Website

Role: Full Stack Developer
Live: https://pratikkokane-portfolio.onrender.com

- Developed a server-rendered web application using **Node.js and Express.js**
- Implemented **MVC architecture**, routing, and middleware for structured backend logic
- Created reusable **EJS templates** for dynamic content rendering
- Designed responsive UI using **HTML5, CSS3, Bootstrap**, following mobile-first principles
- Managed source code using **Git and GitHub**

Technologies: Node.js, Express.js, EJS, HTML5, CSS3, Bootstrap

---

EDUCATION

Bachelor of Science – Information Technology
Shivaji University, Kolhapur
CGPA: 9.03 | Jun 2022 – Apr 2025

CERTIFICATIONS

- React Frontend Development – A Grade (84%)
- Responsive Web Design – freeCodeCamp
- Java Spring Boot REST API Development – A Grade (80%)
- AI Tools & ChatGPT Workshop – be10x
